

**Summary Results of Recent Lead and Copper Drinking Water Testing at Mass. Schools - Current as of 11/16/2016**

This list summarizes sampling results for lead and copper in drinking water at schools and early education & childcare facilities (EECFs) that have been reported to MassDEP through its electronic data reporting system (eDEP). It is sorted alphabetically by town. It includes schools and EECFs that have sampled fixtures as part of the Commonwealth’s Assistance Program for Lead in School Drinking Water, as well as other sampling conducted at schools via other efforts. This list will be updated on a weekly basis. For detailed fixture-by-fixture sampling results, go here:

Summary Results of Recent Lead and Copper Drinking Water Testing at Mass. Schools - Current as of 11/16/2016

This list summarizes sampling results for lead and copper in drinking water at schools and early education & childcare facilities (EECFs) that have been reported to MassDEP through its electronic data reporting system (eDEP). It is sorted alphabetically by town. It includes schools and EECFs that have sampled fixtures as part of the Commonwealth’s Assistance Program for Lead in School Drinking Water, as well as other sampling conducted at schools via other efforts. This list will be updated on a weekly basis. For detailed fixture-by-fixture sampling results, go here:

<http://www.mass.gov/eea/agencies/massdep/water/drinking/lead-and-copper-in-school-drinking-water-sampling-results.html>
